The University of Texas Health Science Center at San Antonio Regional Academic Health Center (RAHC) in Harlingen, Texas is recruiting an Associate Program Director to join our expanding clinical faculty. The RAHC is a multisite, academic, community-based program located in the Lower Rio Grande Valley. We offer university-based training at a regional academic campus, which sits minutes away from the Gulf Coast.

The ideal candidate for this position must possess the following: (a) 3-5 years of experience as an active faculty member in an ACGME accredited IM residency program, with 3 or more years GME administrative experience (b) exemplary clinical skills; (c) an interest in research (clinical and/or basic); and (d) experience in teaching resident physicians and medical students in an ambulatory or inpatient setting. Applicants must be board-certified and eligible to obtain a Texas medical license.

The individual in this position will:
- Actively mentor and serve as a role model for resident physicians and medical students.
- Design resident curriculum to include case discussions, didactics and simulation-based learning.
- Provide constructive feedback to residents, medical students and supervising faculty.
- Lead initiatives to improve the residents’ learning experience.
- Lead quality improvement and research projects.

Each year the department offers 5 categorical residency positions.

All faculty appointments are designated as security sensitive positions. The University of Texas Health Science Center at San Antonio is an Equal Employment Opportunity /Affirmative Action Employer.

Interested individual should submit a letter of interest, a current CV and three letters of reference to the Department of Medicine, UTHSCSA-Regional Academic Health Center Internal Medicine Residency Program, 2102 Treasure Hills Blvd., Room 2.136.03, Harlingen, Texas 78550 or email James F. Hanley, MD, FACP, Program Director at hanleyj2@uthscsa.edu for more information.
