

The University of Texas Health Science Center at San Antonio School of Medicine

Behavioral Health Consultant (Part-time Clinical Psychologist II)

The School of Medicine Graduate Medical Education Office at the University of Texas Health Science Center at San Antonio (UTHSCSA) seeks an individual with an outstanding record of providing mental health evaluation and care to GME trainees (Residents/Fellows) to serve as Behavioral Health Consultant (BHC).

The Behavioral Health Consultant is responsible for performing evaluation for trainees with mental health needs and maintains office hours for visitation with trainees with concerns.

The ideal candidate will have a widely recognized national reputation in the field of Psychology with the ability to foster a culture of interdisciplinary collaboration, innovation, and accountability to advance the mission of the School and Health Science Center. UTHSCSA is a leader in the development of medical professionals located in the Northwest region of San Antonio and is a gateway to the picturesque Texas Hill Country. San Antonio is a vibrant, dynamic, and multicultural city with much to offer, including an attractive cost-of-living.

The University of Texas Health Science Center at San Antonio is an equal Employment Opportunity/Affirmative Action Employer including protected veterans and person with disabilities. The institution is committed to excellence through diversity among its faculty, staff and students. Qualified candidates must hold a Ph.D. or a Psy.D. with major coursework in the field of assignment, with three years' experience and license to practice mental health counseling independently in the State of Texas. All Faculty appointments are designated in security sensitive positions.

Interested individuals should submit a letter of interest, contact information for 3 references and a current CV electronically addressed to **Travis Pederson, Manager Finance and Administration, Graduate Medical Education, at pedersonj@uthscsa.edu** .
