VI. DOCTOR OF MEDICINE (M.D.) POLICIES AND REGULATIONS

B. Advanced Standing

The acceptance of students with advanced standing is dependent upon the availability of clinical and academic facilities. Each year the UT School of Medicine at San Antonio (SOM) considers class size and the imperative of maintaining high quality training in deciding whether additional students with advanced standing will be admitted. In such rare cases, only students currently enrolled in an LCME-accredited medical school in good academic standing can be considered. Given the scarcity of spaces, preference is given to those who must move to San Antonio for reasons of personal hardship and who have not only the consent but also the active support of their schools for the proposed move. The SOM will determine in each case the viability of the proposed transfer from an academic viewpoint and establish the necessary courses and other requirements and level at which the transfer would take place. No transfers for advanced standing will occur prior to the end of traditional pre-clinical curricula. Application forms and inquiries concerning advanced standing admission should be obtained from and addressed to the Vice Dean for Undergraduate Medical Education. A nonresident of the state of Texas cannot be enrolled with advanced standing if the result of that enrollment would cause the percentage of nonresidents enrolled in the class of interest to rise above ten percent.
