***Terms of Appointment:*** Members are appointed to a term of three years.

***Meets:*** Once all of the information is gathered on each applicant, each applicant’s file is reviewed. These Committee meetings will be held weekly at two times, 6:30 – 8:30 AM and 12:00 – 2:00 each Wednesday, August 10 through December 28. There may be additional meetings in January. If you would need to leave early or arrive late, this can be accommodated. Your presence at every meeting would not be necessary, but presence at a majority of meeting dates would be optimal.

***Membership:*** One or more faculty members from each (proportional to department size), at least twenty-five Senior medical students, and from six to ten non-UTHSCSA physicians (appointment by the Dean). A group of at least twenty experience members are appointed by the Dean to form a Selection Subcommittee that evaluates individual applicants and submits their recommendations to the Senior Associate Dean for Admissions.

***Charge:*** To recommend to the Dean applicants for admission to the School of Medicine, as well as to establish admissions criteria.

The committee will annually make a report of its actions to Faculty Council and Medicine Faculty Assembly, at the end of August each year.
