

Employees at UTHSCSA who are responsible for credentialing and enrollment functions must be granted access to the UT Medicine SharePoint site in order to access forms.

Credentialing site- http://intranet.utmsa.local/HP_Rel/default.aspx

Enrollment site- <http://intranet.utmsa.local/Enrollment/default.aspx>

Employees who have been granted access will enter the SharePoint site by clicking on either one of the above two links. Once in SharePoint, employees will note that all Enrollment forms are stored under the Provider Enrollment tab and all Credentialing forms for UTM and UHS applications are stored under the Managed Care Operations tab. The UT Medicine and UHS Desk References are also located under this tab.
